

FAQs for potential applicants

Q: Can I still apply for teacher training?

A: Yes – we are still open for applications through UCAS and have places available in most subjects.

Q: How will I be interviewed if I cannot attend in person?

A: Your application will be assessed in the normal way and if shortlisted you will be invited to an interview via Zoom: Video Conferencing.

Q: Will I have to complete any other tasks as part of the process?

A: Yes - you will complete a subject task which will be sent to you on the interview day and you will be given a deadline for completion and sending back.

You will also be required to explain a concept to members of the interview panel and you will be given full details of this in advance.

Q: I am unsure about the technology and worried that things might go wrong on the day.

A: We will send you full details of the Zoom system which is very straightforward to use. We will phone you on the day of the interview to ensure everything is working and that you know how to send your tasks back.

Q: How quickly will I hear if I have been successful?

A: We aim to inform you within a few days of your interview, once all the details from the event have been collated and assessed.
